Helping and giving back to our community

EDUCATION

Continually educating ourselves enabling healthy growth

KNOWLEDGE

Acquiring knowledge and addressing the needs of our customers and the greater community

RESPECT

Respecting each other, our valued customers, and the underprivileged

COMMUNICATION

Encouraging open and continual communication; building trust

Trading Tips

Who does the shopping? Or who in your office does the purchasing?

It is important to communicate with your partner or your staff and educate them on how to use trade dollars as well.

Ensure the person in your office who purchases items knows to check with trade first, either by searching online or obtaining an up to date membership directory from E Banc Trade.

Your partner or staff member may purchase flowers, gifts or schedule the carpet cleaner and not realise that they can purchase these items on E Banc Trade and conserve cash.

There are many day to day business needs that you may be paying cash for because everyone in your office or business does not realise the benefit of checking with E Banc Trade first.

For example some general business expenses are: Water Coolers, printing needs, signage, stationery needs, toner cartridges, bookkeepers, cleaning products, cleaners, couriers, leaflet distribution, office equipment, rubber stamps, uniforms and much more!

Grab an up to date membership directory, search online or contact Customer Support first before paying cash. Are you sure you can't obtain what you need through the membership exchange? We join approximately 280 new members a month - one of those members could be just what you need. It is important for you to be pro active in spending your trade dollars.

MEMBERS MARKET

Quote of The Week

"The creation of something new is not accomplished by the intellect but by the play instinct acting from inner necessity. The creative mind plays with the object it loves"

Carl Jung
