OUR GUIDING PRINCIPLES

- Our prosperity parallels that of our community, locally, nationally and internationally
- Every policy decision is based upon the wellbeing of our members
- We endeavour to create a feeling of wellbeing over and above the expectation of licensees, staff and members
- We embrace all cultures, we judge none
- Risk making a wrong decision quickly rather than no decision at all
- Licensees are most important to continued growth, as are staff and members
- Staff ideas are valued as we continually strive to improve the business formula
- Dare to be different – think and work faster, smarter and with less
- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back
- If you become emotional in a decision, pass it on to someone else

Reaching 14,000 Members—Merry Christmas to All

REACHING 14000 MEMBERS

The members of the Executive Advisory Committee would like to take this opportunity to congratulate all those involved in the E Banc Trade organisation. Our success has been achieved by all our members, licensees, and management, and it is to our credit that in a short four and a half years we now are heading to our target of 14,000 business members located throughout 8 countries. This success has been unparalleled in the trade industry and now situates us as 2nd largest trade exchange. The emphasis now will be on organising the supply of manufactured products from overseas at manufacturer's prices, including a component of trade. This will enable a continuous supply of products at the right price, excluding the middle man's cut.

'In a short four and a half years we now are heading to our target of 14,000 business'

Assured Quality of Service

We recently passed our first ISO 9001:2000 audit with flying colours ensuring members of an international, quality assured standard of service. We are currently proceeding with ISO:14000 environmental certification which we hope to be awarded in early 2005.

Warehouse Sale

The Sunshine Coast warehouse is running its continuous sale on a high component of trade and all members are invited to visit the warehouse to take advantage of this. Come and do your Christmas shopping. Check out the specials available on page 6.

Property Market

The buoyancy of the property market is slowing with an anticipated return to the real estate climate of 2.5 years ago. This opportunity will see properties for sale at around 30% trade at valuation. Real Estate is moving very fast at the moment and it is perceived that this area will

only get better over the next few months. We recommend that all members consider the opportunity of converting some of their trade dollars into equity in property.

'This opportunity will see properties for sale at around 30% trade at valuation'

A lot of people in business say that they received their trade dollars through their business and therefore they need to spend it down in business related expenses, not for personal needs, but business owners these days must think laterally about how they can best survive in the business sector. If they are able to convert trade dollars into equity in property, this is an excellent way to cash convert immediately or retain the investment and appreciate the capital gains which will present themselves down the line. Just remember the last 30% is always the hardest when buying property because you normally are the one who has to put the cash into the deal. If you are able to do this in trade, this opportunity presents itself as an excellent way to cash convert. By all means, contact the real estate agents listed on the E Banc Trade website.

'If you are able to do this in trade, this opportunity presents itself as an excellent way to cash convert'

We are almost at the end of 2004 and we wish all members, Licensees and staff a very Merry Christmas and a safe and enjoyable holiday season. We look forward to continued growth in 2005 and the exciting opportunities that will arise from international trade and the supply of product at manufacturer's prices.

Executive Advisory Committee

From all of us at E Banc Trade
seasons greetings

Staff and Licensees would like to wish all E Banc Trade Members a Merry Christmas. We hope the new year brings happiness for all. Now is a time to reflect on the past year and spend time with loved ones.

UNIQUE BUSINESS FOR SALE

For once the word "unique" is perfectly correct

TV World is the only permanent TV Museum and Media Expo in the country, housing over 5000 fascinating exhibits relating to our TV, Film, Radio and Pop Culture heritage. There's also an extensive film and videotape resource library which will be a special focus of professional interest in 2006 when Australia celebrates 50 years of TV.

TV World has been very successful for 16 years in its current location at the Moorooduc Coolstores on the Mornington Peninsula in Victoria, and is a perennial favourite of coach tour organisers, schools, clubs, social groups, etc.

Bob and Judy, having had 16 immensely satisfying years, now seek to retire to something a little less exciting. And they are not greedy. They are willing to part with their special baby at around \$495,000 and will take \$150,000 trade dollars within that figure. You could make an offer.....but don't insult the achievements of half a lifetime in a very special field!

Chequebook Reminder

E Banc Trade Members are reminded to order their new chequebooks before 17th December.

As the office will be closed until January 4th for Christmas holidays, chequebooks will not be issued during this period.

Late Payment Fee & Changes to Rules and Regulations

We wish to advise that our Rules and Regulations have been amended to allow provision for a Late Payment Fee.

Please don't be alarmed. This will only apply to those members who have still not paid their overdue fees after receiving three letters of request sent over a 2 months period. Once a final payment request letter is forwarded by our Solicitor, the member will incur a Late Payment Fee.

Tax invoices will now have the words, "A late payment fee may apply" printed on them.

The revised Rules and Regulations are available from the Corporate website.

E FOUNDATION REPORT

The 10th of December is a significant day in our events calendar when the E Foundation sponsors the Royal Blind Foundations annual Golf tournament.

This year's event will be held at Club Pelican, the Greg Norman designed course at Pelican Waters on the Sunshine Coast. Our co-sponsor will be AMP.

Instead of entertaining clients over lunch this Christmas why not do something different and book in for an afternoon of fun. An ambrrose format, shot gun start, loads of prizes, celebrity players, lunch, snacks and a few beers included in the price, and all in the name of charity. You can even promote your business through signage and brochures on the day. Call the E Foundation on 07 5437 7667 or email michael.h@efoundation.cc for more information.

Speaking of golf, congratulations to our sponsored golfer from NSW, Brad McIntosh for his impressive equal second in the Queensland Open.

Also well done to Emma Sheers (Current World Slalom Ski Champion) who has been selected in a preliminary team for the next winter Olympics. Emma's event is the downhill single slay through the luge and is called the skeleton. She has just successfully completed the first stage of her preparation in Canada and did very well.

Sponsorships continue to grow and this month included

the Deaf Soccer Association (Canberra), Nathalia Primary School (Victoria), Mornington Peninsula Shire (Victoria), Cycle 4 Life for Canteen Queensland, and the Victorian Police Pistol Club.

It was terrific to see tens of thousands of trade dollars supporting all football codes through the winter months. With spiraling costs to put teams on to the field the E Banc Trade support, through the E Foundation, enables these Clubs to continue to develop a sense of community. Now for the cricket and netball season . . .

Christmas is a wonderful time of the year for most of us however, sadly, life doesn't always deal up aces. Hundreds of country kids could well miss out this Christmas as years of drought take their toll. The organisation, "Care Outreach" is one of the many "Not for Profit" organisations we support. We are pleased we were able to assist to brighten up the lives of these country kids with a donation of \$3000 in gifts, which will be delivered through Care Outreach.

The Shaftesbury Campus programs are progressing well. If you would like to view the Campus, Christmas is a great time to do it. From December 11th -24th the grounds are decorated with Christmas lights and you can stroll down the pathway through the gardens and enjoy the spectacle. This is fun for the whole family and Carols are sung at the old chapel in the gardens. The Campus is at the corner of the Bruce Hwy and Deception Bay Road, Burpengary, on the Deception Bay side. Dinner can also be arranged at only \$12.50 per person.

For information telephone 3831 0727.
